" The power of strategic partnerships

In an era of rapid economic transformation, the importance of strategic partnerships has never been more profound. At Emirates Development Bank, we firmly believe that collaboration is the key to unlocking the UAE's immense potential and achieving its ambitious economic goals.

With your support, we are proud to announce stellar results for the period ending 31 March 2024. We saw a record increase in cumulative contribution to the nation's industrial GDP impact, which reached AED4.9 billion in Q1 2024, bringing the total financing since the launch of EDB's strategy in 2021 to AED 10.4 billion. This is a success we share with you, our partners.

During this blessed month of Ramadan, in the spirit of unity, we took the opportunity to further strengthen our partnerships and create lasting memories with partners and stakeholders across Dubai and Abu Dhabi.

Our efforts in building a sustainable future were also recognized as our Lost Camel innovation project won the Dubai Lynx Grand Prix for Outdoor 2024. The Lost Camel project was an initiative for the 28th Climate Conference of the Parties for Climate Change in Dubai to draw attention to an important environmental issue in the country.

We are also pleased that Fitch Ratings has affirmed Emirates Development Bank's credit rating at 'AA-', demonstrating the bank's strong creditworthiness due to its strategic importance to the UAE's national agenda. Our focus on sectors such as manufacturing, food security, healthcare, advanced technology, and renewables aligns closely with the nation's diversification and sustainability objectives, and by providing strategic financing in these areas, we are investing in the future of our economy.

I am also proud to announce that EDB will be supporting the third edition of the Make it in the Emirates Forum in May as a Diamond Sponsor. As we look ahead, the importance of our role in fostering strategic partnerships and driving the UAE's economic ambitions will only grow. The dedication shown by all of us to supporting key sectors, engaging with industry leaders, and embracing innovative solutions is what will continue to build a sustainable and diversified economy

At Emirates Development Bank, we are proud to be at the heart of these partnerships, working tirelessly to contribute to the UAE's economic success. As we continue on this journey, we remain committed to being a catalyst for growth, innovation, and prosperity.

GREAT WINS

EDB's Lost Camel project wins Dubai Lynx Grand Prix for Outdoor 2024 prize

EDB is proud to announce that its Lost Camel innovation project has won the Dubai Lynx Grand Prix for Outdoor 2024. We brought the innovation project to the 28th Climate Conference of the Parties for Climate Change in Dubai to draw attention to an important environmental issue.

The Lost Camel is a manufactured symbol to remind people of all the camels who have been lost in the sands from eating plastic waste that should have never been there. Around 50% of camels that die every year, perish because of plastic ingestion.

EDB Supports 'Make It in the Emirates' (MIITE) Forum as Diamond Sponsor

The event, organized by the Ministry of Industry and Advanced Technology (MoIAT) in cooperation with ADDED and Abu Dhabi National Oil Company (ADNOC), will be held on 27-28 May at the Abu Dhabi Energy Centre under the theme 'Investment, Sustainability, Growth'.

The Forum is a key platform bringing together key stakeholders to showcase investment opportunities in the national industrial sector and attract opportunities from the UAE and beyond. These stakeholders include decision-makers, public and private sector officials, industry experts, entrepreneurs, financing entities, investors and SMEs.

The MIITE Forum fosters discussions on industrial partnerships and collaboration opportunities between national and global companies. It also showcases opportunities to localize production and help redirect procurement into the national economy. The MIITE Forum leverages local purchasing power to advance the industrial sector in line with the UAE leadership's directives to foster an enabling environment conducive to growth.
